

7/27/08

Recap of 7/20/08:

1. Dr. Allen Ross identifies in Abraham, in Genesis 1,6 a cycle of events which occur when we get impatient over God's delays:

- there are moments of weakness, which lead to
- alternative plans (to God's) not characterized by faith, which result in
- human efforts to assist God in fulfilling His promises, which causes
- complications in our lives

2. When we take matters into our own hands and do not wait for God:

- we fail to take proper leadership
- we hurt those we love
- we hurt those we use
- we cause lingering complications in our lives and the lives of others
